I can't believe this is the last newsletter issue of 2011. This year went by so fast. I distinctly remember March, and here we are in October already.

The only season we had this year was "Drought".

There are several upcoming events that I recommend you consider participating in:

- 1) November 3, 4, 5 - The Texas State Genealogy Society Conference - Marriott Hobby. Fabulous speakers. Wonderful topics. It's local, so you can pick and choose the programs you want to attend and then go home. CLF is officially hosting this event, so I feel this is a great opportunity to 'strut our stuff' and show the out-of-towners just how great our local societies are. I'd love to have everyone represented there. There's no better collection of genealogists than what we have in the Houston area.
- 2) The entire month of November will involve the CLF Holiday Tree Ornament Project. I have requested that each CLF member donate an ornament (with family name included) to be placed each year on

the Clayton tree. There will be a large wrapped box in the Clayton House for ornament drop-off. Additional info is in this newsletter and on the CLF web-site. The Clayton House will be decorated the week after Thanksgiving.

- 3) CLF Annual Meeting and Election of Officers - Saturday, November 12 at 10:15 at Clayton Carriage House. At this meeting we will vote on the 2012 Slate of Nominees, the 2012 CLF Membership forms will be available for early registration,

## President's Message continued

and Nick Cimino will be speaking about Italian Research. (great handouts) I'm sure there will be a festive theme to the meeting so come and enjoy.

Please keep an eye on the Houston Public Library, the Clayton Library, and the Clayton Library Friends web-sites. They're scheduling some pretty impressive classes in the next few months.

Did you know? Most of the CLF Board members stay after the General Meetings to answer any questions and/or to visit with you, the attendees.

I have agreed (if elected) to serve as CLF President for 2012 term. I like researching and I love being a part of the Clayton Library - Thank you for the opportunity.

Claudia Nickerson Grafton

## **REMINDER: Clayton Tree Decoration Drop-off in November**

Please bring your donated ornament to Clayton this month. There will be a designated drop-off box located in the Clayton House. The ornament may be something reminiscent of "your family", or just an attractive (unbreakable) ornament. Please include your complete family name with it. All names will be transferred onto gift cards, laminated, and secured to the ornament, and placed on the tree. You and your family will then be part of the Clayton tradition this year and for future years.

EXAMPLES; Quilted Globe - Fish or Bird - Star or Heart - Little Book - Clown - Soldier - Nurse

Come visit Clayton in December - Candles at night - should be pretty.

Thank you for your efforts,

# Mark Your Calendar - Researching Your Italian Ancestors

---

**Saturday, November 12 at 10:15 a.m.**

**Speaker: Nick Cimino**

CLF Annual Meeting and Election of Officers for 2012

Carriage House Meeting Room at the Clayton Library Center

Nick Cimino, will provide an entertaining and informative program on resource information needed for people researching ancestors in Italy. Nick's program will help you to identify the basic facts necessary to start researching in the Italian civil records. He highly recommends two books: *Italian Genealogical Records: How to Use Italian Civil, Ecclesiastical & Other Records in Family History Research* by Trafford R. Cole published in 1995, and *Our Italian Surnames* by Joseph G. Fucilla published in 1987. Both are available at the Clayton Library, Amazon.com, and through inter-library loan.

---

**Nick Cimino**, a member of the Association of Professional Genealogists and on the board of the Bay Area Genealogical Society, began conducting his genealogical research in 1989. He and his wife have direct ancestry in 25 states and collateral relatives in 15 more. He has researched extensively in archives and libraries in California, Arkansas, Indiana, Illinois, Maryland, Nevada, Ohio, Oklahoma, Utah, Virginia, Canada, and Northern Ireland.

His Italian research has been primarily conducted in U.S. archives and libraries. Many of the Italian records have been filmed and are available through the FamilySearch Centers. More records are becoming available online. His current travel agenda includes a trip to Sicily to visit the land of his ancestors in the Siracusa province.

Nick volunteers at the Clayton House on Friday afternoons from noon to 2 p.m. and will provide research assistance for your genealogy questions whether you are a beginner in U.S. genealogy or if you need help breaking down your brick walls.

## Manager's Message

---

### A backyard opportunity!

No, not bird feeding, not lawn mowing, or raking, or even BBQing! The opportunity is the 2011 Texas State Genealogical Society annual conference, *From Allen's Landing to the Moon Landing: Destination Houston* with local hosts...

THE CLAYTON LIBRARY FRIENDS!

As a member of CLF, you have a unique opportunity to register for the conference at a reduced rate as a "TSGS member". The registration fee covers 2 days of some of the best opportunities you will have this year and in the coming year in our area to learn from some of the best speakers in Texas, and one nationally known speaker - **Paula Stuart-Warren**. You have been hearing about the conference for almost a year now, and it is almost here!!! November 4th and 5th at the Houston Marriott South at Hobby Airport – in our backyard!!

A couple of the most important things when doing genealogical research is learning new skills, and honing the old ones. Genealogical education gives us those opportunities. Learning online is nice; you can do it in your fuzzy slippers, with your hair messed up, or on a rainy day

without going out.

But a conference attended in person like this one, is a sharing experience, offering a feeling of belonging. Being with others who share your passion for family history research is an immeasurable experience. The opportunity to be part of a conference like this doesn't come to our backyard often.

Now although I mentioned BBQ will not be part of the conference, there will be ice cream available in our backyard, the Houston Marriott South at Hobby Airport on Thursday evening November 3, 2011 7:00 pm – 9:00 pm (\$2). This is a great way to begin the weekend of genealogical research education! Come and join us and your family history research neighbors at this event, and all weekend. More information can be found throughout this issue of the Clayton Advocate, and visit [www.claytonlibraryfriends.org](http://www.claytonlibraryfriends.org) for more information and a registration brochure. There is also walk-in registration, but we would love to know you are coming...just so we have enough lawn chairs! (and copies of the Conference Syllabus)

See you November 4th and 5th at the 2011 TSGS / CLF conference *From Allen's Landing to the Moon Landing: Destination Houston!!!*

Happy Hunting!

Sue Kaufman

## 8th Annual Clayton Library Volunteer 'Lock-in'

---

Don't forget – Monday October 31 (Halloween) is the date of our 8th annual Clayton Library Volunteer 'Lock-In'. This event, open to all who have volunteered for the library within the past year, is a fun way to meet and mingle with other volunteers. It also allows the staff to say thank you for the time and talent that our volunteers give to the

library. The Lock-In will be from 1:00 pm to 7:00 pm, with snacks in the afternoon and a light meal in the evening. We are closed to the public that day, so there is an opportunity for a little extra research time as well. Please come on out – it'll be a scary good time!

## A New Volunteer Initiative

---

We are proud to announce a new volunteer initiative at Clayton Library – book mending and repair! Staff members **Susan Peterson** and **Julia Ramirez** will be offering classes on October 24 and November 7 to introduce volunteers to the processes involved in keeping our aging and sometimes fragile books in good condition. This includes spine repair, re-inserting loose pages, creating boxes for fragile books,

and more. We currently have a backlog of books needing these repairs, so the classes will teach volunteers the basics so that they can help clear this backlog. Due to a pleasantly overwhelming response, both classes are already full, but if you think you might be interested in future classes offered on this topic, please contact **Susan Peterson**, project leader, at [susan.peterson@houston.tx.gov](mailto:susan.peterson@houston.tx.gov).

# Acquisitions Committee Report

---

Since our August acquisitions report we have placed almost 30 orders. The books ordered cover areas that should have something for everyone. For those of you researching North Carolina, South Carolina, and Tennessee there will be 90 new books to look through. If you are interested in the north-central part of the U.S., we have ordered 50 books for North Dakota. Oklahoma, Michigan, and New York will each get 10 new books, and there will even be a few new books for Alabama, Florida, and Louisiana.

We were able to take advantage of a sale at Heritage Publishing to purchase the Alabama and Florida books with a 'buy one for full price and get the second for half price' offer. We love book sales!

Four family history books have been donated since our last report. We appreciate the generosity and support of these authors. If you would like to purchase a copy of one of these family histories for your personal library, contact **Karen Acker** at: [ackertk@gmail.com](mailto:ackertk@gmail.com) or 281-358-0893 for information.

*Descendants of Hanss (John) Oswald (John Oswald)* by Hope Oswald Creasman and Fred Swygart

*James Beaty and Ann Bennett of Ballycanew, County Wexford, Ireland, and More Than Two Centuries of Their American Descendants* (2 volumes) by John D. Beatty

*Lest We Forget: A Tribute to Those Who Forged the Way* by Rueben M. Perez

Be sure to check the new-book shelves when you are at Clayton. As orders arrive, they are sent downtown for processing. When they are returned to Clayton, they first appear on the new-book shelves.

With the receipt of books that have been ordered for Robertson and Martin Counties we will be able to add Kentucky to the list of states with a book for every county.

The current county microfilm duplication project has been completed, and 206 new rolls of microfilm have been delivered to the Library. The cost to Clayton Library Friends for this project was \$24.75 per roll for a total of \$5,098.50.

# Volunteers are always needed and welcome

---

With only nine staff persons at Clayton Library, there is a strain on covering all tasks. Please consider giving a couple of hours of your time to our favorite library once a week, every other week, or even once a month. If four people volunteer two hours each, the library has the equivalent of another staff person for a day. If you cannot take a regular time, perhaps you could be on a list to call when a regular volunteer needs a substitute. There are

many ways to help such as shelving, Clayton house sitting, docent, learn to be a Book Doctor (mend and repair books), and scanning. Please contact **Steven Bychowski** at [steven.bychowski@houston.gov](mailto:steven.bychowski@houston.gov) or 832-393-2600, or **Pat Phillips**, [pPhillips0225@sbcglobal.net](mailto:pPhillips0225@sbcglobal.net) with CLF noted please, or 713-682-0496. Steven makes every effort to accommodate your schedule. The Clayton Library needs you!!

Clayton Library Friends is a tax exempt, non-profit organization under IRS Code 501(c)(3).

Its purpose is to enrich the resources and facilities of the

Clayton Library Center for Genealogical Research, a unit of the Houston Public Library.

# Facilities and Landscape Report

---

The drought continues to plague all of Texas and the Clayton property as well. Our judicious use of water for the gardens surrounding the Clayton house has kept the majority of our plants and lawn alive. Houston's Parks Department has been the primary maintenance force caring for the property, with intermittent visits from Moss Landscaping for pest control, routine cleanup, and removal of drought-stricken plants.

The basement project is still underway. We have had two inspections of the area and will shortly begin a more introspective look for the actual cause of the water in the basement. Because of the drought, the place has been bone

dry but this will not continue if we ever get a change in the weather pattern. Our contract for work has been reviewed by our attorney and will be renegotiated shortly. HPL has been informed of our initial work and we will continue to keep them informed as work progresses.

We learned also that the driveway 'birdbath' that we have had for years will be replaced shortly. The City plans to have this work completed by January 1, 2012. The work will be scheduled so that minimum interference will occur with library traffic.

Hank Wenzler

# Clayton Has It

## *WPA Index to Naturalization Records Found in Texas State District and County Courts 1846-1939*

If you are researching a foreign born ancestor who came to Texas, you should look at the microfilm of the *WPA Index to Naturalization Records Found in Texas State District and County Courts 1846-1939*. This set of microfilm is located at Clayton in C52 D02 (C = cabinet, D = drawer number). This film is arranged alphabetically by county name, then alphabetically by last name of person filing a Declaration of Intent and/or Naturalization within that county. Be sure to check for variations of spelling the immigrant's surname (Becker may be Beeker, etc.). These records show Name, Birth Date or Age at date of filing, Country of Allegiance, the place records were filed (County Court, District Court or other), whether a Petition, Declaration, or Affidavit, and location of original records.

These records are important because the immigrant may not have lived long enough to answer the year of immigration question on the 1900, 1910, 1920, or 1930 censuses. Using the WPA Index, and the date he filed his Declaration of Intent will give you an idea of about when he may have emigrated to the U.S. Having a date is key to finding a passenger list and possible place of origin in his native country. You may also find information you did not expect which can help you in your research. It is important to read what the naturalization laws were when your ancestor emigrated.

**Column Headings:** Name, Record Reference, Name of Court, Country of Birth or Allegiance, Birth Date or Age, Date of proceedings, and Nature of Proceedings and Remarks.

**Example #1:** Carl Ludwig Nitschke born 30 August, 1813 in Germany, resided from 1855 until his death, 9 October, 1888, Austin Travis County, TX.

WPA Index: Travis County, Texas

Name: Nitsckkee (Nitschkie), Charles Ludwig (He used Nitschke)

Record Reference: -- (Declaration); Naturalization: Civil Minute Book Vol. G, page 451 recorded Spring Term, July 21, 1858 Travis County, Texas.

Name of Court: Declaration: District Court Sumter Co., Alabama [surprise!]

Country of Birth or Allegiance: Germany, Saxony

Birth Date or Age: --

Date of Proceedings: 1853 (Declaration)

Nature of Proceedings and Remarks: Declaration of Intent; Naturalization

**Example #2:** WPA Index: Galveston County, Texas

Name: Carl Louis Funke

Record Reference: District Court Min. Book 2 page 148 (Declaration)

District Court Min. Book 2 page 457 (Naturalization)

Name of Court: District Court (Galveston)

Country of Birth or Allegiance: Germany

Birth Date or Age: 26

Date of Proceedings: Nov. 29, 1849 & Jan. 7, 1852

Nature of proceedings and Remarks: Dec. of Intent (next to Nov. date)

Grant of Citizenship (next to Jan. date).

A trip to the District Clerk's office in Galveston, TX resulted in finding his Declaration of Intent and Record of Naturalization. A copy of the WPA Index for Carl Louis Funke was presented to the clerk in the District Clerk's office. This person said she did not know of these records, but asked someone who said, after seeing the photocopied index, "We must have it". She found it after a trip to the basement.

If you do not find your ancestor listed in the county where you think his Declaration of Intent and/or Naturalization was recorded, he may have been in another place (County or State) when he filed. One way to determine this is the census, and the 1867-1869 Voters Registration Lists. To vote, the foreign born person had to say when and where he was Naturalized.

**Example:** Jonas A. Forsberg married April 29, 1862 and (dead by 1868) Fayette County, Texas. He is not listed on the *WPA Index to Declarations of Intent and Naturalizations For Fayette County*. However, Jonas Forsberg is listed on the *1867 La Grange, Fayette Co. Voters List*. He said he was naturalized November 22, 1859 in McLennan County, Texas.

# The Eakle Seminar - It Was a Wonderful Day

On Saturday, August 27th, **Arlene Eakle** from Utah presented an all-day seminar sponsored by Clayton Library Friends. The number of registrations proved to be beyond our anticipation. Originally scheduled for the Clayton Carriage House (maximum capacity of 60), the location had to be changed to a larger venue – the Fellowship Hall at St Luke’s United Methodist Church on Westheimer. This is the same location that we used for the Dick Eastman seminar last year. The final count of registrations was 125 – 93 were members and 32 were non-members.

All reports from attendees and the Seminar Committee indicate that a good time was had by all, and that everything ran very smoothly.

## A Fond Farewell and a Warm Welcome

This October has seen a “changing of the guard” at Clayton Library. After 18 months of service, Wayne and Pam Shipley are returning home to Utah, and a new set of LDS missionaries are taking over the digitization work for the next 18 months. The Shipleys, in addition to being friendly faces around the library, have completed the extraordinary task of scanning, digitizing, and making searchable over 777 books (that’s 307,151 pages!) and have contributed 4,656 volunteer hours to the library over their 18 months. Our partnership with FamilySearch and the BYU Family History Archives allows these out-of-copyright books to be viewed online (currently at <http://lib.byu.edu/fhc/index.php>) alongside the digitized works of other partner libraries. This includes major collections from Clayton Library such as all

75 volumes (and 18 supplemental volumes) of the Robert Bruce Blake collection of Texas history.

The LDS missionary couple of Ed and Cam Greenwood first set the digitization project at Clayton in motion. The missionaries have been assisted in their efforts by a team of volunteers including Marolyn Armstrong, Rose Barrow, Nancy Crane, Darol Dimmick, Siria Flynn, Vernon Gillette, Carl Graham, Doug Hamilton (who led the project for several months), Pat Metcalfe, and Bill Weimer. We are happy to welcome the Shipley replacements, Sisters Maureen Olson and Shirley Palmer. If you see them in or around the digitization room (behind the reference desk), be sure to say hello and welcome them!
